

O.R. Table Configuration Competency

Name: _____ Date: _____

Focus: Changing the configuration of the OR Table to reflect the needs of the procedure that will be performed

Objective: Demonstrate the knowledge to identify & ability to properly configure the OR Table for particular procedures

Evaluation	Needs Improvement	Acceptable
Regular & Maquet (Big Boy) Tables		
1 As demonstrated, configure OR Table in Regular		
2 As demonstrated, configure OR Table in Image to the Head		
3 As demonstrated, configure OR Table in Image to the Foot		
4 As demonstrated, configure OR Table in Lithotomy		
5 As demonstrated, configure OR Table with Tenent Shoulder Attachment		
6 As demonstrated, configure OR Table with Spider Attachment		
7 As demonstrated, configure OR Table for Lateral Positioning		
8 As demonstrated, configure OR Table for Prone Positioning w/ Gel Rolls		
9 As demonstrated, configure OR Table for Prone Positioning w/ Wilson Frame		
10 As demonstrated, configure OR Table for Ophthalmic Procedures		
11 As demonstrated, configure OR Table for Urology Procedures		
12 As demonstrated, configure OR Table for Craniotomy w/ Mayfield		
Speciality Tables		
13 As demonstrated, configure Jackson Table		
14 As demonstrated, configure Axis Table		
15 As demonstrated, configure Fracture Table		
16 As demonstrated, configure Robotic Table		
17 As demonstrated, configure Stenting Table
